In addition, as a school that participates in Federal Student Aid Programs, NFTC is required to create and disseminate policies describing the protections, resources, and services available to victims to help them safely continue their education. This information will be available on the school's website and through the school's orientation program. When an incident of this nature is reported to school administration, law enforcement will be notified.

Any criminal action(s) and/or sex offense(s) committed on NFTC's campus will be reported to Bradford County Sheriff's Office by the Director. The Director will immediately notify the Bradford County Sheriff's Office, the Superintendent of Schools, and the District Human Resource Director. If there is an immediate threat to the health or safety of the students and/or employees occurring on campus, emergency notification will be made utilizing the campus wide intercom system.

Emergency response and evacuation procedures are provided to all staff and students at the beginning of each term and are posted in designated areas on campus. Monthly drills to test emergency response and evacuation procedures are conducted in accordance with FLDOE and district school board policy. Drill results are documented and maintained on file at the institution that describes the exercise, date, time, and whether the drill was announced or unannounced.

Institutional disciplinary action will be administered according to the Bradford County School Board Code of Conduct. The Code of Conduct is available at the Bradford School District website at [www.BradfordSchools.org](http://www.BradfordSchools.org).
